Local 27 Ironworkers was founded in 1901 and has since provided workers with safe and fair work conditions for its members. We have a membership of 600+ including retirees. Our local union has raised the bar and set the standard in today's workforce for both union and non-union contractors. We have protected workers' rights, supplied our members with nationally recognized training and certifications, we provide excellent benefits for members and their families and a pension/retirement for their future. **SO WHY WORK FOR ANYTHING LESS?**

## LEVI VELASQUEZ

Apprenticeship coordinator and Instructor.

Levi is the director of the Apprenticeship for local 27 and is a dedicated member of the local. As the director he is there to ensure you receive the most up to date and adequate training to keep you safe, and those around you safe as well. He has a knowledge of various aspects of the trade, and he is able to share his knowledge with you in the classroom and help you learn by showing you in a hands-on atmosphere.

As the director he holds all of our apprentices to a higher standard and expects the very best effort from them.

Levi is always striving to reach higher limits with our apprenticeship and apprentices, so that Local 27 can continue to call ourselves the best of the trades.

## TODD ANDERSON "RED"

*Apprenticeship Instructor Welding/CWI*

Red has been in the Ironworkers since a young man he comes from a generation of unapologetic ironworkers. He likewise has an unbelievable amount of knowledge of the different aspects of the trade and welding in general. He expects your very best at all times and understands that not everyone learns at the same pace. He is a dedicated member of Local 27 and he like Levi strive to produce the best apprentices possible. He expects you to be on time and ready to learn. He is the welding instructor at the school and is available for your instruction whenever needed.
